

the Japanese would show their hand tomorrow, but the Russian envoys do not question Baron Komura's good faith and frankly say it was due to a misunderstanding.

While evening the amenities were observed by a general exchange of cards. Mr. Witte, Baron Rosen and his suite, while the cards of the Japanese mission were left at the Japanese mission by a little Japanese messenger boy. Commanders Winslow and Gibbons also made their official calls upon the two missions late this afternoon.

The Japanese and the Russian newspaper correspondents have broken the ice and have begun to fraternize. It is perhaps significant that the correspondents on both sides are sending to their respective home dispatches of anything but an optimistic character.

Because the Russians like to smoke while at the table, the entire Russian mission to-night dined in their apartments, a practice which they have decided to continue hereafter.

## OFFICIAL REPORTS OF FIRST DAY'S WORK

Programme for Meetings of Envoys Arranged at Meeting Yesterday.

(By Associated Press.)  
PORTSMOUTH, N. H., August 9.—The Russian plenipotentiaries, through Mr. Nabokoff, who assisted at today's first meeting as secretary, issued the following official statement:

"The first meeting took place this morning. Mr. Witte, Baron de Rosen, Baron Komura, Mr. Takahira and a secretary on each side participated. The programme of the following meetings has been fixed as far as the form is concerned. The meetings will be twice a day, in the morning and in the afternoon, after three. The information will be given to the press after being agreed upon by both sides. The records of the proceedings and all of the documents will be compiled, both in English and in French. The French text (faute fol) will be accepted in evidence in case of dispute. The delegates attached to the plenipotentiaries, who did not assist at this morning's meeting and will not assist to-morrow will, in the future, be asked to take part in the conference only when the two parties shall judge it necessary to have their opinion on some subjects before the meeting."

On behalf of Baron Komura and Mr. Takahira, Mr. Sato handed the following official statement to the Associated Press:

"To-day's meeting was informal for the purpose of settling the method of procedure, and a matter of procedure was decided. The formal meetings will commence to-morrow morning at half-past nine. Meetings will be held twice a day, one from 9:30 to 12:30 and the other from 2 to 5 o'clock in the afternoon. The subject to be discussed is the subject to be discussed. No serious business was transacted at this morning's session."

## EUROPE HAS CLOSE WATCH ON AMERICA

(Special Cable to The Times-Dispatch and New York Herald.)

(Copyright, by the New York Herald & Co.)

PARIS, August 9.—Not for a long time has America been watched by European eyes with such keen attention as at present. From being a matter of secondary interest, America now has suddenly become a subject of primary importance. In fact, the Paris papers now contain more American cable dispatches in a day than they formerly did in a month. This interest is mainly due to uneasiness about the issue of the peace negotiations, but there is no real ground for anxiety. As Mr. Harcourt points out in a very sensible article in today's "Times," "What will be the result of the peace negotiations? It is even extremely probable that both sides were more or less in agreement before the plenipotentiaries left. One of the most astute statesmen in connection with the peace negotiations is the report that Russia cannot pay a war indemnity, but would be a humiliation."

"Why is it more humiliating to pay an indemnity than to accept the conditions of the peace?" he asks. "On the contrary, there is a certain advantage in being able to get out of a tight place by a peaceful exit. It is all because of the preliminary declarations, which are necessarily worthless. In 1870 Russia refused to pay a war indemnity, but it was a humiliation. Everyone knows what happened."

Mr. Harcourt goes on to his readers' memory to supply the detail that every inch of Alsace Lorraine and every fortress in both provinces were ceded, but he adds:

"General Duroc declared, 'I will return victorious or dead, and I will back defiance to defiance in health. The Russians, therefore, would do well to examine the Japanese proposition calmly and to see whether it is similar to the Russian one. Russia has reached a point in her history when she has not means to indulge in a policy of sentimentality.'"

## Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

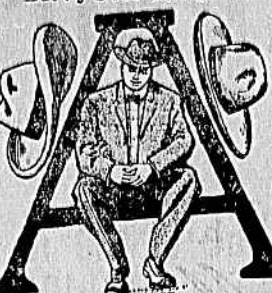

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves. Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years' illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I could become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The pills seemed to strengthen me. My right arm and my circulation was better. I have taken in all seven bottles, and the Nervine and Pills entirely well."

JOSE E. WEAVER, Stuart, Ia.  
Dr. Miles' Nervine is sold by your druggist. It will benefit you. It will refund your money.

## "Barry's for Bargains."

## 20,000 WORKMEN AT RIGA STRIKE

Rumors of Serious Trouble in Russian Town Officially Confirmed.

(By Associated Press.)  
ST. PETERSBURG, August 9.—A 6:40 P. M.—The rumors of serious trouble at Riga were to-day officially confirmed.

Twenty thousand men are on strike there. Many of the strikers are desirous of working, but the Socialists deter them from doing so. No cases of murder have yet been reported.

It is declared that there is a sufficient number of soldiers at Riga to handle any disturbance arising from the strike. A regiment of cavalry is patrolling the streets, keeping order more or less successfully.

## ARCHBISHOP IS DEAD FROM FEVER

(Continued from First Page.)

to-morrow and will be repeated Friday and Saturday, after which the casket will be lowered into the crypt. Father Scott and Bishop Rouxel will be the celebrant Saturday. The remains will lie in state in a closed casket until the final rites are performed. The remains were embalmed at 6 o'clock, but owing to the dislocation, the face will not be exposed to view.

## Sketch of His Life.

Monsieur Chappelle, one of the greatest of the Roman Catholic clergy, was born at Mende, in France, on August 28, 1812. He came to the United States when he was seventeen years of age and entered St. Mary's College, from which he was ordained priest in 1837. At the age of twenty-three, for five years, he was a missionary priest, and for the following twenty-one years held pastorates in Baltimore and Washington. He was made coadjutor archbishop of Santa Fe in 1891, and three years later was elevated to the archbishopric. In 1897 he was made archbishop of New Orleans, and the following year was appointed apostolic delegate to Cuba, Porto Rico and the Philippines.

The archbishop would have been sixty-three years of age on the 28th of this month.

He was a scholar of varied and extraordinary attainment, a linguist of note, a man of rare culture, a great and commanding church dignitary, and, withal, a priest beloved and revered on account of his piety and noble life.

## Friend of McKinley.

While Archbishop Chappelle held a pastorate in Washington he formed friendship with men of prominence in national affairs, among them William McKinley. While apostolic delegate to the Philippines, the archbishop spent much time in the settlement of conditions growing out of the change of sovereignty in the islands.

Three years ago Archbishop Chappelle was relieved of the responsibility of his mission to the Philippines, but continued his jurisdiction over Cuba and Porto Rico. He made frequent visits to both islands and was constantly in touch with all the work of his vast diocese.

During his stay in New Orleans he lived with his niece, Miss Soule, and they were inseparable companions. The archbishop was fond of social life and was a constant entertainer, drawing to his home the most representative people in the social and intellectual life of New Orleans.

## Cardinal Shocked.

(By Associated Press.)  
WILKESBARRE, PENN., Aug. 9.—Cardinal Gibbons was informed of the death of Archbishop Chappelle when he arrived in this city this evening. He said:

"The news is a great shock to me. Before leaving Baltimore this morning I received a letter from him, commending himself to my prayers, and this was the first knowledge I had that his illness was so serious, or that the end was near. I need not say how greatly I am shocked and grieved by the news of his death."

## PLAQUE SPREADING; OVER 60 NEW CASES

Newspaper Row Now Threatened By Yellow Fever—Street

Cleaning Work.

(By Associated Press.)  
NEW ORLEANS, Aug. 9.—Public health officers here to-day reported that the yellow fever situation suffered a temporary relapse to-day in the death of Archbishop Chappelle, the most distinguished victim of the present plague. Although the prelate was a sub-

ARCHBISHOP CHAPPELLE.

Distinguished Catholic Prelate, Who Died Yesterday in New Orleans from Effects of Yellow Fever.

ject of scientific treatment and attention, his physique and vigorous condition on his return from the country counted against his death, which generally deplored.

His death, while generally deplored, is not taken as a refutation of the medical fraternity's opinion, that with good care and proper treatment the number of deaths is not likely to be large in proportion to the number of cases.

What is held remarkable is that the archbishop should have contracted the disease so quickly, whereas he had spent many years in Cuba and Porto Rico, where the disease is epidemic without having contracted it there. Among the scientific men there is little doubt that the archbishop fell a victim to a mosquito during a visit he had paid to the archbishopric on Charles Street, or from an insect which found its way into his residence in Esplanade Avenue, which is not far from the territory within which there has been infection.

## Spread of the Plague.

To-day's record of new cases was again large, and there was an increase in the number of deaths. The report up to 9 P. M. is as follows: New cases, 63; total to date, 679; deaths, 7; total to date, 115; sub-fatal (new), 12; total to date, 130; cases under treatment, 25.

The daily number of new cases is swelling, largely because Federal control has overcome the disinclination of doctors to make known their cases.

Surgeon White returned to-day from Shreveport, La., where he had been to inspect the Emergency Hospital, which was taken over to-day by the Marine Hospital forces. Actual control of sanitary work to-day passed to the latter service, and Dr. Gessner was placed in charge.

Advices from Mississippi indicate that the people of the rural regions are growing restless under the severity of the quarantines which have cut off supplies. Secretary Hunter, of the Mississippi Board of Health, announces himself as utterly opposed to the shotgun quarantines, and throughout Mississippi a saner spirit is manifesting itself since the Federal government has taken charge of the situation.

Among the cases in the last official report, within half a square of Newspaper Row, in a lodging house in Commercial Alley. This is the second case that has been reported from the same quarter.

## Cleaning of New Orleans.

A great street cleaning campaign was inaugurated here early to-day, and continued until nightfall. Besides the paid laborers of the city and the prisoners from the jails and houses of detention, thousands of volunteers went to work to give New Orleans a thorough scrubbing. Hundreds of carts and wagons were employed in carrying off refuse.

The State Board of Health was in receipt of advices from a number of parishes that their former policy of nominal day-to-day, notifying of their disposition to modify quarantine regulations, to notify the health officer, had been conferred at Lafayette and decided not to interfere with the movement of passengers from non-infected points who have health certificates, and from infected points, if they have been released time in detention camps and been released from the Marine Hospital service. Batches of prisoners were taken off freight, provided it is shipped in fumigated cars.

## Towns Appeal for Relief.

Additional appeals have come from the smaller towns for relief, so that they may obtain food supplies and ice. Gueydan, La., and Logansport, La., are among the towns thus complaining. The latter is a town on the Texas border, and because of the Texas quarantine has not had a train for seven days. Its supplies are nearly exhausted.

At foreign immigration into New Orleans is to be stopped until after the fever has been entirely eradicated. Large numbers of Italian immigrants were expected here in September and October, but as the bringing in of thousands of unacclimated persons would be to supply fresh material for the fever, the Immigration Bureau will arrange for the diversion of the ships to other ports, unless by that time there is no longer a trace of the disease here.

## Secondary Infection.

Quite a number of the new cases to-day are in close proximity to existing cases, indicating secondary infection. The new sub-fatal case below Canal Street, lying above and below Canal Street, half a dozen persons with a sword, killed the mother, young brother and sister of his wife, and female servant, and one of his children. After the crime the murderer, having substituted for the bloodstained coat a ceremonial dress, gave himself up to the police. The cause is reported to have been a difference with his wife's mother—Japan Mail.

## Mother-in-Law in Japan.

Early on the morning of June 21st Mr. Nakagawa, keeper of the tea-house Yamamura, North Horri-cho, Osaka, killed half a dozen persons with a sword. The victim was the mother, young brother and sister of his wife, and female servant, and one of his children. After the crime the murderer, having substituted for the bloodstained coat a ceremonial dress, gave himself up to the police. The cause is reported to have been a difference with his wife's mother—Japan Mail.

## WITH IMPURE DRINKING WATER

Use Horeford's Acid Phosphate. Destroy the germ of typhoid and other fevers. Stimulate a refreshing and cooling summer drink.

## STIRRING SCENES AT HORSE SHOW

Seven Thousand People Pack Every Vantage Ground.

## SHOW MUCH HUMAN NATURE

They Desire the Blue Ribbons Only On the Horses of Their Friends

(Special to The Times-Dispatch.)

STANTON, VA., Aug. 9.—Not until after the recess hour to-day did the Stanton show "strike its gut," when seven thousand packed the grand stand until it looked like a great mass of men, women and children, and enclosed the ring side so that it was almost impossible to move from one place to another. It was a good natured crowd that wanted all the Garber's horses to win, but did not repeat the kicks of yesterday when other horses and the first awards.

Rain fell last night and for a few minutes this morning, so that the "going" was a bit "gummy," but up to the recess hour only two accidents had occurred. In the jump class for green hunters, Mr. Blair Johnson, riding his gray hunter "Gracie," fell heavily at the rail jump, falling upon his head and shoulders, the horse falling over the jump. For a minute the crowd was as silent as death, as Mr. Johnson failed to rise. He was cheered heartily when he staggered to his feet and walked from the ring.

Later in the same class, Kitchen, riding for Mr. J. A. Kennedy, riding "Duke of Graceland," went into the wings of the rail jump and fell, his foot being caught in the stirrup. Fortunately the horse was held by the broken planks of the wing, and Kitchen escaped injury.

## Garber Wins.

In the class for roadsters Mr. Garber won and the grand stand went wild with delight. Mr. Garber also won the green park class with his finely finished four-year old, "Preference."

Mr. David Dunlop's two small boys, John and David, took first and second in the pony and harness class with "Master Light" and "Moving Picture." Master Light and "Moving Picture" were ridden by Ashby Glenn took yellow ribbon with his good manners and pony "Dinks."

In the class for two-year olds and in the yearling class unpleasantness occurred on account of the "kicks" of Dr. Churchman, who refused to decorate his Quindora with the yellow ribbon. Mr. Charles Curry's opinion, who expressed his opinion of the judges in no uncertain terms. One of the judges replied to him that he would not have given fourth place if there had been more than four horses in the class.

## Fine Hunters.

In the class for middle and heavy weight hunters, Mrs. Willford Reed's "Steelbolt" made a great performance as did "Chick," a strong looking heavy hunter, belonging to Dr. T. C. Firebaugh of Harrisonburg. Blue went to "Steelbolt," a well-bred son of Hymal.

The judges to-day were Messrs. H. C. Beattie and Henry Grant, of Richmond. Mr. Charles H. Hickman, of Fredericksburg; Mr. Courtland H. Smith, of Alexandria; Mr. J. M. B. Lewis, of Lynchburg.

Mr. George Cole Scott and Mr. Snyder, of Richmond, are here with the Deep Run hounds, which will be exhibited after recess.

A decision in the ladies' harness class was a surprise to everyone. Mr. Dunlop's heretofore invincible "See Me Go" was placed fourth, and his "Voice Me" did not get into the ribbons, although it did better than that.

At the conclusion of the show, the award was given to Dr. Firebaugh's entry, well driven by Mrs. Armstrong, who was greeted with a cheer by the crowd. Second place went to Messrs. Hiale, Garber and "Garber's" "Alra," shown by a lady's park phaeton with a rumble, but without a groom. "Alra" was skilfully driven by Miss Wright.

## Dramatic Incident.

A dramatic incident occurred in the last class before the races, a harness class, in which appointments counted forty per cent. The judges awarded the blue to Mr. Dunlop's "See Me Go," and the red to his "Daisy." Yellow was about to be placed on Mr. Garber's "Alra," when he said, "You won't put any yellow ribbon on my horse," and drove rapidly out of the gate.

Hunt teams were called directly after luncheon, and two teams from Warren, one from Keswick, and one from Orange, went after the prize. The Warrenton team entered by Mr. Benner, in which he and Mr. Blair Johnson went out with a good performance.

Warrenton's team, in which Mr. Julian Morris, F. H. and two whips rode, won the prize. Orange team, composed of Messrs. Holliday, McComb and Snyder, won the yellow, while white went to a second team entered by Mr. Benner. The crowd liked the class and the hunt colors added a dash of sportiveness to the occasion.

Warrenton's horses were "King Ed," "Nokomis" and "Snip Nose." The horses in harness over fifteen and one-half hands proved an easy thing for Mr. Dunlop, as did the four-in-hand class, which his excellent four high stepping horses won handsily. They won better than I have seen them go this season.

## A Richmond Whip.

Mason, a professional whip of the first rank and a Richmond man, was on the box and did what he ought to do. His driving double eight delighted the grand stand, which applauded generously. Mr. Garber did not show in the class, the red ribbon going to Mr. Sterrett's good, quick-going roadster.

In the ladies' harness class, blue went to Mrs. Blair Johnson's "Favorite." An added jump class was won in good form by Mr. Skelett's "Easter Sunday," a well known hunter from Lynchburg.

Hounds proved an attractive feature of the show, and the packs from Deep Run Hunt and Cameron Run Hunt, each with a master and two men in pink, exhibited, made one of the pictures of the exhibition.

Messrs. H. C. Beattie, M. F. H.; George Cole Scott and E. H. Snyder showed a couple for Deep Run, while Mr. C. H. Smith, M. F. H., with two whips, showed five couples for Cameron Run.

It was an easy task for the judges, for Cameron Run Hunt's outclassed the Richmond entry. Deep Run, however, should be congratulated on her sportman-like spirit in showing with a knowledge of certain defeat. Mr. Frederick W. Scott, of Richmond, lately returned from a trip abroad in the interest of sport, was an interested onlooker at this class competition, and the good events of the day.

## Many Hunters.

A large lot of hunters were candidates

Two million dollars guarantee the reliability of The Cable Company's line of pianos.

## A SPLENDID OPPORTUNITY TO SECURE A BABY GRAND PIANO.

We are making a special offering of baby grand pianos now for the reason that many of our customers have expressed themselves as desiring to own a baby grand piano. The points of superiority of grand pianos make them a very advantageous purchase for those who really desire the best of musical instruments.

The baby grand offers an increased range of volume of tone.

The style employed in the manufacture of baby grands, lends to the strings greater power of vibration, a purer resonance. The action insures a more responsive touch, a sweeter tone of treble and they are particularly attractive by reason of the clearer tonal quality of the bass.

We offer special inducements to persons who desire Baby Grands, and will take your upright in exchange.

AN INVESTMENT THAT PAYS.

The Royal Electric Piano pays for itself in a few months. The ideal music for public places, domestic use, and for the home.

Get our prices and terms.

In the local jump class, and while the performances were not excellent, they were startling and furnished plenty of excitement.

Mr. Campbell Wilson, on "Bopeep," a wicked looking chestnut, did his best to break the jumps, and saved himself twice from bad falls by wrapping his legs around his mount's neck. Mr. Bell, riding Mr. Clatterbuck's "Searchlight," after a succession of equine misadventures, went down violently at the rail jump, a poor thing that the crowd applauded a good deal more than a good performance, and desires the blue ribbon to be placed only on the horses of his friends.

Amongst the attractions of the day was the personal of a ring changed as it by magic. The race track tout came to the front and the crowd of the stage, Dugart looked on in amazement. The ring diamonds in shiny shirts proclaimed the knowing ones.

The first race was on the flat at half-mile best two in three heats. Five faced Mr. H. C. Beattie, the starter, Mr. E. H. Snyder, the judge, and Mr. C. H. Smith, the timekeeper. The race track tout came to the front and the crowd of the stage, Dugart looked on in amazement. The ring diamonds in shiny shirts proclaimed the knowing ones.

## The Races.

At the conclusion of the last class of the afternoon the track was cleared for the races. In the first race, the race track tout came to the front and the crowd of the stage, Dugart looked on in amazement. The ring diamonds in shiny shirts proclaimed the knowing ones.

## PRESIDENT TO MAKE ADDRESS

Mr. Roosevelt and Cardinal Gibbons to Speak at Total Abstinence Union.

## THE POPE ON TEMPERANCE

The First Brief of Its Kind Ever Sent to This Country.

(By Associated Press.)

WILKESBARRE, PA., August 9.—Over 300 delegates to the National Convention of the Catholic Total Abstinence Union of America, assembled at St. Mary's Church to-day to attend pontifical high mass celebrated by Bishop Hoban, of the Scranton diocese.

Immediately following the service the delegates assembled in the Ninth Regiment Armory, where the convention was formally opened. Bishop Canevin, of Pittsburgh, the national president, presided, and Mayor Kirkendall, of this city, welcomed the delegates. Bishop Canevin responded and spoke particularly of the importance of the present convention owing to the coming of President Roosevelt and Cardinal Gibbons. The convention spent the morning transacting routine business.

Chancellor Turner, of Philadelphia, will read a brief from the Pope and Monsignor Oyster Bay, N. Y., August 9.—President Roosevelt will leave Oyster Bay to-morrow morning on what probably will be the last trip he will make during his summer sojourn at Sagamore. He will deliver an address to the United Mine Workers and members of the Catholic Total Abstinence Union, who are now in Europe, and the only brief of its kind ever sent to this country by the Pope.
